## MOTHER'S DAY IS TO BE OBSERVED

**Beautiful Custom, Fast Growing  
In Popular Favor, Interests  
Chisholmites**

Mothers Day, Sunday, May 9, will be observed in Chisholm as it never has been before, large interest in the beautiful and fast growing custom being apparent. On this day those whose mothers are still living are to wear a red carnation, for the departed a white carnation is the proper thing. This is the day when the roving son of the mother who never ceases to yearn for her boy, should sit down and write a letter home, or if he has no longer a home and mother, should go to church in honor of her memory. Special services will be held at all local churches. When carnations are not available flowers of any other kind are in order.

## She Knows What She Wants

The well informed housekeeper objects to the use of alum in food. She might read in an advertisement or be told that it was all right in the quantities used, but in the end she would merely ask, "Do you mean to say that these baking powders contain alum?"

If the answer, however qualified, were in the affirmative, that would be enough. She would not buy it. Why?

Because she knows that cream of tartar has always been accepted as the most wholesome product for raising cake and biscuit, and she wants a baking powder made of cream of tartar, like Royal.

This conclusion is the result of unconscious absorption, either her own or her mother's, of the opinions of the highest authorities on hygiene and home cooking.

The prudent housekeeper looks at the ingredients printed on the label. She knows what she wants.

Excerpts of that paper as follows:

## MISS WINNFRED CONLEY HONORED AT LINEN SHOWER

The Misses Barbara Kraker and Anna Fabro entertained at a linen shower at the Fabro home last evening in compliment to Miss Winnifred Conley. The evening was wiled away with music and social intercourse and a delicious lunch was served shortly before midnight. Miss Conley was the recipient of a number of pretty gifts.

Miss Conley will leave Chisholm Monday. Her marriage to Jack Filler of Maplewood, Wis., will take place during the coming month.

## ONE MAN THE MINING COMPANIES CANNOT GET

Mining company representatives made a raid on Chisholm Wednesday afternoon, seeking to influence one of the village trustees to not introduce a resolution to bond the village. That their efforts failed is proved by the council proceedings. Mining company control of village affairs is just a little more than the people of Chisholm can stand and the influence of the mining company representatives is on the wane.

## TRIBUNE-HERALD ISSUES COMPLETE LAW SUPPLEMENT

The Tribune-Herald presents to its readers with this issue, the complete doings of the late legislature. Every law enacted by the lawmakers during their four months sojourn at the capital is to be found within the supplement and they make interesting reading if one wishes to obey the laws of the state. The Harrison per capita tax limit bill is not there, but the people have no reason to regret that. Let the mining companies shed tears over its non-appearance, it is their child that died a-borning.

## BEAR RIVER--CHISHOLM TELEPHONE SOON READY

Stockholders of the recently organized Bear River Valley Rural Telephone company will meet at Woodmen Hall, Bear River, on Saturday, May 8. Quite a large number of Chisholmites have subscribed to the new line which is aimed to strengthen business relations between the fertile country north of here and the village. The line is almost completed between the two towns and communication will be established not later than the end of the month.
